MEMORANDUM FOR: Deputy Director (Support)

SUBJECT: Proposed Regulation
"Absentee Voting"

25X1A

1. Attached for your information are proposed issuances on the subject of "Absentee Voting" which have been drafted pursuant to the responsibility imposed by P.L. 296 on the heads of the departments and agencies concerned where practicable and compatible with their operations.

2. Since other Government agencies and departments with whom we may have cover arrangements already have or shortly will establish absentee voting programs, we have set a target date for publication of 1 May 1956. This target date is further predicated on the necessity of our obtaining and transmitting to the field on a timely basis supplies of SF-76, Post Card Application for Absentee Ballot, and the compiled absentee voting information, initially to be published in the form of a booklet entitled "Voting Information".

3. In view of the above, we are today forwarding copies of the proposed regulations to the General Counsel and the Director of Security for their review and concurrence and asking the return thereof by 2 April 1956.

Signed

Harrison G. Reynolds
Director of Personnel
